Evaluation: Student Feedback

"The amount of support given especially in writing an essay. They clearly understood that it was the first time for many students writing university grade assignments" (WELF1014: Course Experience Instrument 2017).

"This course has been enjoyable and a great follow on from the first year course Governance and Citizenship. In my opinion these two courses have been the best by far in the way that the course is structured, taught, and how expectations are clear" (POLI1012: Course Experience Instrument 2017).

"The huge amount of information available regarding essay writing skills and information on the course via links and short you tube information" (POLI1008: Course Experience Instrument 2016).

"Very well set out in regards to breaking a policy apart; lots of online assistance links for assignments" (POLI2027: Course Experience Instrument 2016).
